To Whom It May Concern:

If you are reading this letter then I must say that YOU ARE ABOUT TO BE BLESSED! Go, Your School! You are about to have the M-O-S-T AMAZING Presentation on Character that has been around for at least the past 15 years. I really TRULY Believe that.

Measured By Character is so D-Y-N-A-M-I-C and will change the feeling and mood of your school. Wade White and his crew come in and take over and pull out all types of real and raw emotions. There will be a time called the "Turn Around" and you will see all emotions when this happens. Very cool. This Character Presentation works for the students and the faculty. Just wait, you will soon see.

Once the presentation is complete, You will have to make a BIG DEAL about the R.A.K., Random Acts of Kindness Tank. The students will be gung-ho at first for the first few weeks. You will need to remind them to submit their Acts of Kindness on the cards he leaves you. This R.A.K helps to keep the message of **Measured By Character** alive in your school. The incentives you give out at the end of the week also help to keep the students actively reaching out to help each other.

It is with pure Hope for change that we as a school extend this gift of payment for **Measured By Character** to come and make that change for your school.

Blessings,

Lisa Griffin

Callisburg ISD.
